3D Animation

Academy of Interactive Entertainment (AIE) is Australia's most awarded educator for the 3D Animation, Game Design and Visual FX industries. AIE courses are practical, 100% relevant and delivered by industry-experienced teachers in a seriously fun, creatively demanding studio environment.

AIE delivers Advanced Diploma and Bachelor programs which are nationally accredited and VET FEE-HELP approved. AIE campuses in Sydney, Melbourne and Canberra are co-sited with leading creative studios. Many graduates bring their innovative ideas to commercial reality through AIE's post-graduate Incubator Program.

Admission to AIE courses is based on talent and passion for success, demonstrated through an interview with a teacher and examples of creative work such as sketches, video clips, animation, websites, programming code and software applications.
