At Macleay College, we live and breathe practical education. We give our students a personal take on education with maximum class sizes of 25 people and a campus that holds a maximum of 400 students. This intimate learning environment means each student is given dedicated personal attention and the maximum opportunities to reach their goals. Our teachers are all working professionals in the fields they are teaching and have achieved success in business as well as the classroom. Internships are a compulsory part of all courses at Macleay College and we have two staff dedicated to ensuring students are as competitive as possible in the workforce. This intensive approach means our graduates are job-ready once they leave Macleay College.
