Interior Styling

North Coast TAFE offers a range of vocational education and training programs in the highly sought after areas of Interior Design and Decoration in a region known for its unspoilt beaches, rainforests and stimulating culture. All campuses have state-of-the-art training facilities including design studios, workshops and labs, fitted out with the latest equipment and industry standard hardware and software. We offer nationally accredited qualifications and short courses in a range of study options including traineeships, flexible delivery, online and face to face delivery. Staff within the Faculty maintain industry profiles and many are recognised at national and international levels. All campuses provide a wide range of support services to maximise your learning.

Colour Management

North Coast TAFE is located in one of the major creative precincts of Australia. The Information Technology and Creative Industries Faculty offers a range of quality programs within the area of Design and Colour including introductory level courses, and nationally accredited Diplomas. Our teachers are highly trained professionals in their fields of practice and offer education and training options to enrich and empower your creative and professional development. Our spacious design studios are fully equipped with current industry standard equipment. Study options include online, flexible, and face to face teaching whilst providing excellent pathways to university study.
