TEXTILE PRINTING

The Fashion Design Studio is recognised as Australia's leading creative institution, specialising in fashion and textile design. Committed to the development of textile design, education and practice, the Diploma builds upon the students existing textile skill base with additional knowledge and expertise. The program has a strong emphasis on combining drawing and digital technology, as well as specialising in surface design techniques.

Graduates will combine disciplines creating textile signature ranges suitable for fashion, furnishings and interior design. An integral part of the Diploma course is researching innovative trends, practical work experience and participation in a final exhibition of signature products. The college also has a strong affiliation with the textiles industry; with sponsors including Think Positive Designer Prints and Dynamic Coatings.

Admission to FDS courses is based on innovation and creativity as well as a passion for success, demonstrated through a portfolio of work and possibly a follow up interview.

FASHION DESIGN

The Fashion Design Studio, located at Ultimo TAFE is known for its innovation and creativity, and is internationally recognised and considered as the Premier Fashion Design Institute in Australia. Students study design, illustration, couture, pattern cutting and construction, fabric design and printing, styling, retail, merchandising and media; giving them the necessary skills to gain employment in the Fashion Industry. The Fashion Design Studio has partnerships with Design Institutes in India, UK, The Netherlands, Hong Kong, Sweden and the USA. Students can further their studies and gain an International Degree.

Past alumni: Akira Isogawa, Alex Perry, Nicky Zimmerman, Lisa Ho, Michelle Jank, Genevieve Smart from Ginger and Smart, Luke Sales and Anna Plunkett from Romance Was Born, Dion Lee, Dylan Cooper and 4 time Academy Award Nominee Janet Patterson.
