The International Screen Academy (ISA) is a creative hub for actors, filmmakers and animators. Collaboration between the courses provides students with the fundamental skills for careers in the screen and media industries. ISA offers full time Advanced Diploma courses for screen actors, filmmakers and animators/vfx artists. ISA provides real production environments for learning. Technical teaching is undertaken in tailor made film, sound and production studios. A purpose built fit out means students have access to state of the art studios and cutting edge equipment and technology. ISA training will foster storytelling in a multi-disciplinary way by embracing all aspects of acting, filmmaking and animation, its craft, its commercial scope and ongoing viability. ISA students graduate as masters of their art, having what it takes to be leaders in their chosen field.
