Our brand new training salon floor and faculty of experienced teachers provide a real work learning environment. **Visual merchandising**

Build show-stopping and original window, in-store and wall displays for big brands in the retail industry with our specialised Diploma in Visual Merchandising. Delivered in one year at the Centre for Fashion and Creative Industries in Richmond, the Diploma of Visual Merchandising has been designed to give graduates the skills they need to progress in this dynamic industry. A partnership with MYER means that students work on store displays and real client briefs to deliver their requirements.
