

TEXTILES

Textile Design & Development
Fabric Printing

The Fashion Design Studio is recognised as Australia's leading creative institution, specialising in fashion and textile design. Committed to the development of textile design, education and practice, the program has a strong emphasis on combining drawing and digital technology, as well as specialising in surface design techniques.

Graduates of the Advanced Diploma will combine disciplines creating textile signature ranges suitable for fashion, furnishings and interior design. An integral part of the course work is researching innovative trends, practical work experience and participation in a final exhibition of signature products. The college also has a strong affiliation with the textiles industry; with sponsors including Think Positive Designer Prints and Ontera Modular Carpets.

FASHION & COSTUME

Fashion Design
Applied Fashion Technology
Fashion & Textile Merchandising
Costume for Performance

The Fashion Design Studio is recognised globally as a leading fashion design education Institute. Graduates of the school include leading Australian and international designers such as Dion Lee and Zimmermann. Students gain comprehensive knowledge and applied skills in fashion design and related practice that equip them for every aspect of the fashion design industry. With state of the art facilities in the newly renovated studios, FDS encourages collaborative work processes and creative design exploration. For almost 20 years, under invitation by Mercedes Benz Australian Fashion Week, FDS has presented the new guard of creative fashion practice through graduate collections on the official industry schedule. With more than 120 years educating fashion industry professionals, FDS offers a broad suite of courses in Fashion Design, Fashion Technology and Costume for Performance, an extensive alumnus provides students with opportunities to enhance their learning through industry engagement and internships.
