## SUBJECTS

Architecture

Interior Design

## AWARDS

Bachelor of Design (Architecture)

3 years full time/part time equivalent

[www.cdu.edu.au](http://www.cdu.edu.au)

This course develops practical skills in computer aided design, working drawings and design drawings. Specialisations available may include architecture and interior design. Focus is placed upon the special requirements for interiors of buildings, architecture and construction of buildings in tropical environments. The skills gained in this course will equip graduates to fulfil roles in the interior design industry and the architectural industry. Other opportunities include design assistant, technical manager or further study leading to registration as a practicing architect.
